Welcome by Ali

Midway Report

- Midway report has been approved by EU. Ali gave a short report.
- Ara and Mohammed will document the procedure and criteria for selection of pilot students and teachers (for ToT).
- ENSG has changed the structure of the website based on EU's comment (sections/subsections). ENSG is preparing the website in Farsi and Arabic languages (see actions below)
- Ara and Mohammed will translate 2 pages of the website to Arabic and Farsi to be used by ENSG for testing the methodology for making the website multi-language. Deadline: 2 days.
- Only main pages will be translated, in other words, uploaded documents will not be translated. Marcellin receives all translated contents by October 21
- Ara and Marcellin will discuss and decide the format of the translated contents (images or texts)
- ENSG will finalize the website (multi-language) by Nov 15, 2020

Course Evaluation by Pilot students

- The progress of all students was reviewed. 11 out of 12 students have had a very good progress and have almost completed the course.
- Eklas, the student from Taiz has not proper progress. Jalal confirmed that he did not work well. So he is out of the evaluation process.
- There is problem with with an exercise that should be addressed by Emmanuel Fritsch (ENSG). Marcellin will follow up to solve the issue. Few teachers respond with delay. They will answer soon.
- Deadline to finish course evaluation by pilot students was extended to October 21.
- Students can be paid, after they finish all courses, if they have signed the contract with partner universities.
- Certificates will be issued by Petter and Ali for all 11 successful students.

Online ToT and Dissemination

- It was decided to have an online event early December 2020. Ara and Mohammed suggest a time, based on the availability of staff and stakeholders. Adobe Connect need to be used, since it works better in Iran, according to Ara
- ToT for Yemeni partners (iMSEP and emGeo) will be held in Oct 2020.
